

MAUTBY PARISH COUNCIL

HEALTH AND SAFETY POLICY

POLICY STATEMENT

Mautby Parish Council is committed to Health and Safety, which is an integral part of the efficient and effective discharge of its duties. The Parish Council is aware of its responsibilities under the Health & Safety At Work Act 1974 and other relevant statutory legislation. The Parish Council will meet these responsibilities by incorporating good health and safety management within all its functions.

The objective of this policy is to raise awareness of the duties and responsibilities of those in and around the Council, and to minimise risks to health, safety and welfare of employees, volunteers, contractors, public and others affected by its activities, and to minimise risks to the environment. Measures will be taken to ensure that a safe working and community environment is created.

Members of the Parish Council are responsible for implementing this policy and must ensure health and safety considerations are always given priority in planning and day-to-day supervision of work.

All employees and volunteers are expected to co-operate in carrying out this policy throughout the Council's activities and must ensure that their own work so far as is reasonable practicable, is carried out without risk to themselves or others.

All employees, volunteers and contractors associated with any works carried out by the Parish Council will be made aware of this policy and the importance of commitment to its objectives.

Implementation of this policy is set out within this policy document. The policy will be kept up to date in response to changes in legislation or best practice. The policy will be reviewed at set intervals, normally annually, but more frequently if required.
